

JOURNAL OF THE ANDAMAN SCIENCE ASSOCIATION
The Official Publication of the Andaman Science Association

Volume 27 (Special Issue) 2022

CONTENTS

Sl.No.	Title and author	Page No.
1.	Editorial <i>Sisir Kumar Mitra, Desh Beer Singh, Pooja Bohra and Ajit Arun Waman</i>	1
2.	Underutilized Horticultural Genetic Resources- Assets for the Present and Future: Conference report <i>Ajit Arun Waman, Pooja Bohra and E.B. Chakurkar</i>	2-3
3.	Promotion of Underutilized Kokum (<i>Garcinia indica</i> Choisy) through Scientific Interventions: an Overview <i>P.M. Haldankar, K.V. Malshe and M.S. Shedge</i>	4-11
4.	Genetic Resources and Crop Improvement in Underutilized Vegetables of Andaman and Nicobar Islands <i>Shrawan Singh</i>	12-21
5.	Characterization of Wild Fagaceous Nut Species for Morphometric Traits from Sub-tropical Forest Area of Kyrdemkulai, Meghalaya <i>M. Premi Devi, H.G. Kencharaddi and U.K. Behera</i>	22-30
6.	Assessment of Genetic Diversity by Using Multivariate Analysis for Morphological Qualitative Traits of Bullock's Heart (<i>Annona reticulata</i> L.) Genotypes in the Konkan Plains of Western India <i>Ghavale S.L., R.S. Patil, P.M. Haldankar, P.C. Haldavanekar and V.V. Dalvi</i>	31-44
7.	Studies on <i>in situ</i> Characterization and Evaluation of Non-descript Jackfruit Genotypes of Tripura, India <i>H. Lembisana Devi, Biswajit Das, Satyapriya Singh, Doli Jamatia, Nadia Debbarma, Lord Litan Debbarma and Parag Majumder</i>	45-53
8.	Ultrasound Assisted Extraction: A Quick and Efficient Method for Extraction of Gymnemenin from <i>Gymnema sylvestre</i> (Retz.) R.Br. ex Sm. <i>Ajit Arun Waman, Tushar Dhanani and Manivel P.</i>	54-57
9.	Studies on Indian Prickly Ash (<i>Zanthoxylum rhetsa</i> (Roxb.) DC) Collections from Goa, India <i>Gourish R. Karanjalker and Avni G. Karanjalker</i>	58-62
10.	Standardization of Vegetative Propagation Methods for Tamarind (<i>Tamarindus indica</i> L.) under Kerala Conditions <i>Shankarprasad K. S., Jalaja S. Menon and Anu T.S.</i>	63-70
11.	Effect of Vermicompost on Growth and Quality of Culantro (<i>Eryngium foetidum</i> L.) Grown Under Novel Pro-tray Cultivation System <i>Sumita Horo, Ajit Arun Waman, Pooja Bohra, R. Karthika Devi and Santosh Kumar Jha</i>	71-78
12.	Phenotyping and Characterization of Pointed Gourd (<i>Trichosanthes dioica</i> Roxb.) Genotypes <i>Gayatri Sinha, Arup Chattopadhyay, P. Pratyusha, Maruthi, B., J.Pranay Reddy and R. Guha Mallick</i>	79-87

13. Sensory Quality of Moringa Leaf Powder as Affected by Different Drying Methods and Packaging Material 88-94
V. Sudha Vani, G. Gnana Deepika, P. Vinayakumar Reddy, C.P. Viji, R.V. Sujatha and T. Tejaswini
14. Seed Germination Studies in Andaman Kokum (*Garcinia dhanikhariensis* S.K. Srivastava): An Endemic Species from Bay Islands, India 95-103
Sneha Horo, Roopa Ranjani, Ajit Arun Waman, Santosh K. Jha and Pooja Bohra
15. Observations on Weed Flora of Medicinal Significance in Oil Palm Plantations 104-105
P. Madhavi Latha, M. Tirupati Reddy, G. Ranganna, L. Naram Naidu, Ravi Bhat and R.K. Mathur

Reviewers for the Special Issue on Underutilized Horticultural Genetic Resources : Conservation and Utilization (UHGRUCU)
