

National Conference on One Health Synergy: Integrating Human, Animal, Plant and Aquatic Life for a Sustainable Future

**Jointly organized by
Andaman Science Association
and
ICAR-Central Island Agricultural
Research Institute, Sri Vijaya Puram**

Date: 1-3, September 2025

**Venue: ICAR-CIARI, Sri Vijaya
Puram**

About the conference

The concept of One Health underscores the inseparable link between the health of human, animal, plant, and environment. In an era marked by emerging zoonotic diseases, antimicrobial resistance, biodiversity loss, and climate change, a collaborative, multisectoral approach has become imperative. The National Conference on One Health Synergy: Integrating Human, Animal, Plant and Aquatic Life for a sustainable future serves as a dynamic platform to explore innovative strategies, share scientific insights, and strengthen partnerships across disciplines. By fostering dialogue among the experts from medical, veterinary, fisheries, agricultural, and environmental sciences, the conference aspires to develop integrated solutions that contribute to a resilient and sustainable future. This conference brings together researchers, policy makers, academicians, and stakeholders to deliberate on integrated approaches that address emerging health challenges, ensure biosecurity, and promote environmental resilience.

About the organizers

Andaman Science Association is a registered scientific society comprising of various scientific organizations working in the Islands including ICAR-CIARI, ZSI, BSI, AnSI, NIOT, FSI, Pondicherry University, etc. with its headquarters at ICAR-CIARI. The association is dedicated to promotion of science pertaining to the Island ecosystems. ICAR-CIARI is a premier institute involved in research activities aimed at improving the production and productivity of crops, livestock, poultry, and fisheries in the Islands while sustaining the biodiversity.

Thematic areas

- Animal health at the core of one health: Addressing zoonoses, food safety, and livestock traceability for a healthier ecosystem.
- Advancing human health through one health strategies: Tackling antimicrobial resistance and zoonotic threats.
- Enhancing aquatic animal health through innovations in disease surveillance, zoonotic risk management, and antimicrobial stewardship under one health framework.
- Safeguarding plant and environmental health: addressing biosecurity risks, microbial threats, and ecosystem monitoring through integrated one health approaches.

Who can attend?

Scientists/ Academicians/ Research scholars/ Students working in the relevant areas can attend this conference, sharing their knowledge, imparting suggestions for future areas of research, identifying gaps and in developing a platform for interdisciplinary projects. Research scholars and students working in the areas of one health or in allied areas are specially invited to attend the conference.

Accommodation

Hotels in different range are available in the city of Sri Vijaya Puram nearby the conference venue. The accommodation can be arranged on payment basis by the organizers on the early request of participants. Limited rooms are available in the Guest House of the host Institute.
